"Robyn has equipped us with tools to change the way we think. None of this "think positively and you can do anything stuff." Robyn has the ability to get to her audience's souls. She showed us how we can empower ourselves to enjoy our work, deal with conflict and enhance our lives, both inside and outside work. The investment we made, in times of limited funding, has been the best value for money we could have wished for. The feedback from staff has been overwhelming. We expect this will positively accelerate the cultural change that our leadership team has initiated."

ROBYN'S PROFESSIONAL BACKGROUND: Robyn Moore is regarded as one of Australia's best and most in-demand speakers. For over 30 years she has been working in Education, Advertising and the Communication/Entertainment Industry. She has unique skills with "the Power of the Word" and her entertaining, inspiring and thought provoking presentations totally captivate her audiences at national and international conferences. Robyn literally "sells people back to themselves" so they recognise old habits and behaviours and take responsibility for choices, which create the outcomes they have always wanted in their lives. Robyn's presentations themed around "The Power of the Word" are quite often literally described as **"life changing"**.

www.thepoweroftheword.com.au

WHY ARE ROBYN'S TALKS "LIFE-CHANGING"?

Robyn works very closely with her clients. They get to define the outcomes which will most benefit their company, delegates or staff...and Robyn tailors her presentation to generate changes in perception and behaviour which access her clients' desired outcomes.

"The Power of the Word" is no ordinary presentation. It's an opportunity to seize the authorship and personal power necessary to invent a life that is deeply satisfying... professionally and personally. Imagine having the personal power to demand of yourself a breakthrough...in the face of the most challenging circumstances? Enmeshed with humour, powerful stories and insightful distinctions, each presentation is an audacious enquiry into BEING at the edge of one's life...and finding the courage to jump! People can BECOME the leader, professional, business owner, manager, service provider, parent, partner, family member...they always wanted to BE! (OR NOT!) The difference is that at the end of Robyn's presentation...people can clearly see that their life is now "their call" AND...they can also clearly see when they are not being as big as they dare to BE! They simply have more access to CHOICE in the face of the circumstances!

Honourary Positions: Robyn is an Ambassador for the Australia Day Council, the Australian Childhood Foundation and is the National Patron of Make-A-Wish Australia.

ROBYN'S RELEVANCE FOR YOUR EVENT:

1. Robyn has delivered numerous "restorative" presentations (in cities and rural areas) and spoken to thousands of Health Professionals about wellness and well-being. She has addressed delegates in Aged Care, Government Health Services, Disability Services and Rehabilitation Services. She has worked at community events with Rural Health Services, Suicide Prevention, Carers Support, Child and Family Support Agencies...and the results, for many attendees, have been "life-altering". (See testimonials). She also speaks to audiences in every other sector and believes that the theme "Wellness" should be a focus at every conference or gathering.
2. Her powerful work in re-engagement in life, creating relationships that work and celebrating our "authorship" opens up greater access to good health and well-being. It's easier being WELL when we are fully BEING! These distinctions profoundly affect "kids at risk", people suffering depression, people in crisis (and those people caring for these people...and all people in general).
3. Robyn's honorary role as National Patron of Make-A-Wish Australia, has given her insights into "living with urgency before the emergency", having "intentionality" (the ability to keep on going in the face of no results), to find laughter in the most challenging circumstances and to bring magic, hope and wonder to everything we do. These lessons are applicable in transforming how life "occurs" for people in crisis. She is also an Ambassador for the Australian Childhood Foundation and has great success in turning around the lives of children who have suffered abuse...and with people who are suicidal!
4. The Physiology of Emotion and the study of Ontology (the nature of BEING) has long fascinated Robyn and it is quite common, after her talks, for people to say they feel physically better, do not need to take their anti-depressants and have a profound feeling of "well-being". Robyn is committed to "wellness" in children, women and men; in relationships, families, community...and to improving Mental Health in Australia.

OUTCOMES ACCOMPLISHED FOR DIVERSE GROUPS:

RECREATING WELL-BEING AT COMMUNITY GATHERINGS AND CONFERENCES:

"Robyn was outstanding. She showed an extraordinary ability to totally capture her audience, which comprised of farming men and women aged from 30 to 75 plus teenage children home from boarding school. These drought affected families were totally inspired and entertained by Robyn. There is no doubt laughter is the best medicine and Robyn is a brilliant Dr. So many came to her afterwards and to me saying they had changed their attitude and now had renewed energy to go on coping with the drought. We have never had such positive feedback from an audience and there is much enthusiasm from other groups to have her back to other areas nearby. The best drought assistance ever offered to farmers." **NSW Agriculture**

"Robyn took us on a roller-coaster of emotions. She was funny, poignant and downright honest and she swept us all along with her on journey of discovering "the power of the word". **Elizabeth Beales SA Rural Womens' Gathering**

"You main-lined gold into their veins tonight!"

A community leader at 11.00 pm while farmers were still talking to each other! (Zero degrees in Bingara that night!)

"I would like to thank you for your ability to energetically move the attendees & get them to face many topics, issues & feelings that often lie buried - I know that in the coming months this sharing of emotion will bring the group closer together & enable them to work more synergistically which will be great for morale & productivity your stories & humour are delightful & I was particularly impressed with your raw emotional honesty & vulnerability - by exposing yourself to the core you empower & enable others to become more real as human beings & this is a truly great talent but above all the thing that really pleased me the most was your uncanny ability to weave so many of the issues that I had emphasized in our brief talk together into your presentation; so many presenters merely repeat their favourite stories without that connection; your presentation was totally tailored to our situation & 100% relevant - I felt at all times that you were really talking to us as a group with stories, anecdotes & references that tied it all back in to strata management & us as a group!" **CEO at Staff Conference.**

"Independent evaluations were conducted for each session held in the area. 97% rated the sessions as "excellent" 1% was "very good" and 2% added their own reply as "extraordinary". Y12 students attended the 10.00 am session and went home and insisted their parents come. Several parents had previous engagements and were convinced by their children to change these and come along to the 7.00 pm session. Robyn handled the diversity of the audiences with absolute professionalism. The audience was entranced, engaged and at the completion found themselves to be "extraordinary". People are already calling for her return."
Senior Constable Roberta Barry Swan Hill Police (3 Community Talks)

"The lunchtime event was women only (750) from rural backgrounds of a wide variety of ages. Robyn had our endorphins flowing through our bodies with the laughter she invoked! In the evening there was both men and women (about 70 people) and again she tailored her message to meet the needs of the group and had them all hanging on her every word. A truly amazing, humorous and heartfelt woman who delivers a strong punchy message." **Sonia Muir Rural Women's Network**

"Excellent! It has been a very long time since I have had such a joyous evening. Everyone I have spoken to who attended, has given nothing but positive feedback. Robyn is such an inspirational person with many funny and sad stories to share, but always with a positive side to every story told. I would not hesitate in getting Robyn back, and have had numerous requests for her to hold a couples evening."
Sherilyn Birch Theodore District Health Council Qld

"Robyn was the perfect antidote for our community. We really did go on a roller-coaster ride – a ride from cynicism, resignation, anger and procrastination to hope, belief, laughter, tears, joy, passion and love."

RELEVANT, RE-ENERGISING CONTENT FOR RURAL WOMEN: *"Robyn was able to engage the audience and hold their attention. I laughed and cried and felt connected to others and somehow more human. Women have stopped me in the street and said what a great night it was. I heard one young woman at the dinner say to her mother "I can do anything I put my mind to!" so she was inspired and motivated by what she heard. Robyn gave us the opportunity to connect as human beings with similar life experiences and concerns. She spoke about being "intentional" and making choices about how we want to live our lives. I was reminded of the sacredness of the present moment and to "feel the urgency before the emergency" – this is it!"*

Sue Clausen Regional Health Services (Southern Midlands) Tasmania

ACKNOWLEDGING EXTRAORDINARY CARE: *"Robyn was fantastic! Her session had a profound effect on a number of people and in 3 situations this week, I have been involved in lunchtime discussions about the fantastic messages she gave us. Eg: Dynamic and inspirational, Robyn was fabulous, energising and encouraging. Bring back Robyn!!!! Please!!! What an inspiration she is! I have been challenged, motivated and confirmed! Our evaluation was full of words such as inspirational, fantastic, motivating, confirming and excellent!"*

RE-MINDING STAFF ABOUT THEIR MEANINGFUL VOCATION: *"Robyn's excellent presentation made people sit up and think. Humour always helps us to remember things and we have all had some "bugger me" moments since. Congratulations and a huge thank you from the organising committee."*

Sue Sanderson Cardiac Nurses National Conf.

RE-GENERATING ENERGY AND WELL-NESS FOR FULL TIME CARERS: *"Thank you once again for contributing to the day in such a dynamic and inspiring way. It seems that every carer loved what you had to say. There were some comments that your presentation and the lunch would have been "enough" so that says a lot doesn't it? Our warmest wishes to you as you continue inspiring and uplifting people...it's probably needed today as the "social connections" between people in many cases often appear to be taken over by "what's in it for me" attitudes."*

Helen McDougall Borders Carers Reference Group (Carers Pampering Day-Albury)

SUICIDE PREVENTION: *"I have been a board member of Suicide Prevention Australia for about 4 years. I remember how passionate you were at the YOU CAN day around the topic of youth suicide and suicide in general – and the focus on it being a whole of community issue. You have an amazing capacity to show people that they can do anything that they want if they dare to find the courage to take those first few steps."*

Sam Strecker Suicide Prevention Australia

POWERFUL OUTCOMES FOR INDIVIDUALS:

MEN'S HEALTH AND WELL-BEING: *"You always know what the impact of a session has been like, when all the boys charge to the very limited urinals afterwards. Many men, some waiting in the queue, are all talking. Well, yesterday I listened to these guys (some with wet eyes) talking about how they will be better dads and better husbands and better human beings. How good is that?"*

SELF DETERMINATION, PERSONAL RESPONSIBILITY AND AUTHORSHIP!

Dear Robyn, I haven't laughed so much in years. But more importantly, understood the importance of laughter. You had us captivated...teaching us life lessons. Lessons that applied to every day, to help us to focus on BEING. Being in control, responsible, the author of US. And the impact that can have on those around us, our loved ones, our work mates, our clients. You showed me how to BE, which will change me forever. And as a natural consequence will impact the success of any future business. Thank you!

LAUGHTER IN TIMES OF DROUGHT: *"I farm in the south east of South Australia. During the Drought i felt as though I was the "Backbone" for my Family and Community, trying to keep things together and stay positive. I went to hear Robyn speak at Lucindale on the 13th of June and haven't laughed so much in years it was" FAN -BLOODY- TASTIC" to have a really good laugh. I also liked the serious message she got across with Make-A-Wish Australia. THANK YOU ROBYN, keep up the great work you do!!!*

RECLAIMING LIFE IN THE FACE OF TRAGEDY . *" As you may recall I lost my son 7 years ago to suicide. It has been an incredible journey for me since then – kick started by attending your "YOU CAN Day" at Glenorchy Civic Centre shortly after he died. That forum made such a difference to my life and my outlook. You have an amazing capacity to show people that they can do anything that they want if they dare to find the courage to take those first few steps."*

THE POWER TO INVENT A LIFE YOU LOVE: *"Thank you for opening my heart and mind to new opportunities for extraordinary experiences with my gorgeous husband and amazing daughter. I saw "the menu" on offer when I arrived home. Thank you for giving me back the power (I had forgotten I had!) to control my future and life. Thank you for reminding me every second counts! Thank you for giving me the tools to conquer the circumstances. Keep doing the wonderful work you do. Every child needs you on their side! Every adult needs to be reminded that every moment is important."*
A delegate at a Pharmaceutical Sales Conference

RE-ENGAGING WITH ONE'S WHOLE LIFE: *"The hour with you will not only have a great effect on me but I am sooo excited about how your words will benefit my team, my family (3 children), and my husband. Their 'experience' with me will be so much more every single day not just on & off as it probably has been in the past. You have just given me the most positive hour I have had for a long time (if not ever.) Which will equal a positive future."* Real Estate Conference delegate

A MATURE AGED STUDENT DISCOVERING "SELF-DETERMINATION: *"From the moment you first spoke into the microphone I think your voice took over my full attention. You have a way of making people feel like they are the only person in the room. The word that comes to mind about the talk is AMAZING. Some of the points that hit home for me are, 'This is our life and we are building our future every second of everyday, 'Why put off something for 'Later' or when I'm not so 'Tired'? ' We are in charge of our whole life.' When I come home each night I have taken your advice and leave the tired and grumpy Ang in my garage and kiss my gorgeous family before I even turn off the answer machine. I feel that in my everyday life I will revert back to things that you have said, it has changed the way I think about things. There are no boundaries in life, it's what you make it."*

SEIZING LIFE OUT OF DARKNESS:

(From a Year 12 Student one week after 4 of her friends were killed by their father).
"While sitting listening to you speak, I realised how "extraordinary" my life really is and that I shouldn't be wasting a moment of it. Thank you for filling my head with empowering thoughts. That night I had my first full nights sleep since I found out about Bec and her sisters. I'm now not only motivated to pass my exams but I'm aiming to do really well".
